THE OUTLOOK

OUR VISION
To provide graduates choosing a career in hospitality an opportunity to work with some of the best in the industry and to gain valuable hands-on experience from the outset in all operational departments. In turn, creating a flow of young talent within the Harbour Hotels Crew – home-growing and developing our future leaders.

OUR MISSION
To onboard a number of highly-energetic, passionate and committed graduates at degree level to the Harbour Hotels Group two-year programme. The outcome: following successful completion, you will be appointed as a HOD and receive continued professional development towards a Hotel Manager or General Manager role.

FOOD FOR THOUGHT

WHO
People who will make more of a difference to our business in every respect, who can work individually and importantly work together as a team. People who show great determination and commitment to succeed personally and as part of the wider Harbour Hotels Crew. People who possess intellect, tenacity, flexibility and will provide an excellent service to our guests who expect and demand high standards. People who are willing to do that something extra to add value and make more of a difference.

WHAT
When you join Harbour Hotels on our Graduate Management Development Programme you will become part of a leading hospitality brand with core values that provide the right environment to grow your skills and expand your knowledge through work experience, training and education, as well as a brand that is dedicated to growing the business as well as its Crew. Advancement through the programme is determined by your performance.
With 15 properties and counting, the group has rapidly grown across the south of England – with properties in Cornwall, Bristol, Devon, Dorset, Hampshire, London, Sussex and Surrey. Harbour Hotels specialise in stylish stays in exceptional locations: from seafronts to harbours, to a hotel inside a historic old bank, and even a five-star hotel at Southampton designed to mirror a super-yacht.

And unlike other hotels, Harbour Hotels pride themselves on offering our guests in-house award-winning restaurants and destination bars. Our four restaurant brands; The Jetty, the Upper Deck, Harbour Kitchen and HarBAR; specialise in modern classics using seasonal, locally-sourced ingredients to showcase the flavours and traditions of the local region. The vibrant hotel bars are not your typical hotel bar either; locals and guests alike mix, with exclusive cocktails, local beers and gins, live music, and late-night DJs and dancing creating atmospheric places our guests decide to stay in for.

Indeed, Harbour Hotels don’t just want our guests to stay – we want them to have an experience to remember. From outstanding food, wine and facilities inside, to enjoying the best local attractions and activities in the surrounding area. We help arrange them, get our guests there, and even pack them a picnic to take along.

HOW

Your voyage will typically include five stages that will expose you to all aspects of hospitality management and provide valuable cross-departmental training.

Partnered with a senior leadership mentor, feedback will be provided throughout the course. Successful completion of each stage will be measured on your ability to demonstrate an exceptional level of competence and promising leadership skills within that role.

Once all stages are completed, we will fast track you to a HOD position where you will have the opportunity to further develop your leadership skills – and continue your progression towards a Hotel Manager or General Manager position with Harbour Hotels.

The following is representative of a typical graduate voyage:

- **Rooms and Reception | Six months**
  Sales | Housekeeping | Nights | Concierge | Maintenance

- **Food & Beverage | Ten months**
